THE WEEK THAT WAS

Market tumbles on weak global cues

Market tumbled last week as sentiment across the globe was negative on worries of escalating US-China trade war. Investors were concerned that trade tensions between the US and major trading partner such as China could develop into a big drag on the global economy. Trading was volatile as traders rolled over positions in the F&O segment from the near month June 2018 series to July 2018 series. The June 2018 F&O contracts expired on 28 June 2018.

In the week ended Friday, 29 June 2018, the Sensex fell 266.12 points or 0.75% to settle at 35,423.48. The Nifty 50 index fell 107.55 points or 0.99% to settle at 10,714.30.

The BSE Mid-Cap index fell 388.71 points or 2.45% to settle at 15,450.90. The BSE Small-Cap index fell 507.69 points or 3.07% to settle at 16,032.15.

China's central bank will cut the amount of cash some lenders must hold as reserves, unlocking about 700 billion yuan (\$108 billion) of liquidity, as it seeks to control leverage and support smaller companies. That's the day before the US and China are scheduled to impose tariffs on each other.
